

Best Practice 01:

Title: Student Engagement through Online Connect During Covid-19 Pandemic.

Goal: Anekant Institute of Management Studies is a student centric Institute. Since its inception the Institute has taken enormous efforts to engage students in academics along with extracurricular activities. During Covid-19 pandemic, keeping students engaged through virtual classroom was the main goal.

Objectives:

The Context: The Institute envisages becoming a socially accountable Institute of excellence which conserves, creates, and imparts pertinent knowledge and values to students. During Covid-19 pandemic, it was a challenging task for teaching staff to keep students engaged in online sessions throughout the semester. After a brainstorming meeting, Institute came up with a model to resolve this issue and keep students engaged. In which students are informed with various online curricular, placement, extracurricular and social activities throughout the semester along and aligned with academic sessions. The activities conducted through online mode during Academic Year 2020-21 includes
