Library Collection

AIMS Library is well-equipped to support the academic and research needs of its community by providing a diverse collection of resources and embracing modern technology through digital offerings. It serves as a hub for knowledge and information, fostering an environment to learning and research.

The AIMS Library is indeed a valuable resource for students and researchers at AIMS. Here are the key features and offerings mentioned by the Library

Traditional and Contemporary Services: The library provides a mix of traditional and modern services to cater to the diverse needs of its users. This likely includes services like borrowing physical books and accessing digital resources

Enriching Academic Experience: The library plays a crucial role in enhancing the academic experience of AIMS students by providing access to a wide range of resources and services

Information Literacy: It aims to prepare students to be information-literate lifelong learners, which is a vital skill in today's information age.

Printed Resources: A significant collection of more than 9,000 printed resources is available, including books, journals, theses, and students' project reports. These resources likely cover various fields of study.

Key Works of Reference: The library holds essential reference works related to subjects such as Marketing Management, Finance, Human Resource Management, Operations Management, and Economics. These references are valuable for in-depth research and learning

Multimedia Collection: The library also has a collection of CDs/DVDs and videos, which can be a valuable supplement to traditional printed resources, especially for visual and multimedia learning.

Periodicals: AIMS Library subscribes to both national and international periodicals in both physical and digital formats. This ensures that users can stay updated with the latest developments and trends in their respective fields.

Online Databases: AIMS Library subscribes to both national and international periodicals in both physical and digital formats. This ensures that users can stay updated with the latest developments and trends in their respective fields.
