

Best Practice 02:

Title: Registering Students on AICTE Internship Portal to make them 'Ready for Job'.

Goal: Anekant Institute of Management Studies is a student centric Institute. Since its inception the Institute has taken enormous efforts to engage students in academics along with extracurricular and career centric activities. After Covid-19 pandemic situation providing students a unique online platform to start their career through various internship schemes throughout the Nation is the main goal. Also to make companies find the candidates suitable for their requirements on the same platform.

Coming from a typical Indian family, there is always pressure to get good grades in school, later pursue bachelor's and secure a job. Each of us try to be competent to stay in competition. We all adopt the strategy of "Learn, Unlearn, Relearn" Learning new skills and maintaining a good portfolio is another key to have a successful career in which ever field we desire. Along with this it is important to have industrial exposure, to understand the work culture of an organisation. It is made mandatory by the educational institutes to do internships, while pursuing your bachelors and master degree. Interning with a good company and learning from their work culture is recommended. But how do you get to work with good PSU's, MNC's, NGO's or any of your dream company?

AICTE with association with NEAT team, is giving a wonderful opportunity to students from all over the country with any academic background in finding their dream internship. Through their internship portal, where more than 300 certified and authentic companies including your dream company, regularly keep posting their requirements for interns.

Objectives:

1. To Build Engagement and Motivation with Training & Placement Activities
2. To Initiate Interaction and Create Corporate Presence
3. To Foster Interaction between Students and Corporates
4. To Create an Inclusive Environment

The Context:

The most crucial element of internships is that they integrate classroom knowledge and theory with practical application and skills developed in professional or community settings.

Organisations are getting familiar, that work these days is something other than an approach to win your bread. It is a dedication, an awareness of others' expectations, and a proprietorship. In order to know how the applicant might "perform" in various circumstances, they enlist assistants and offer PPOs (Pre Placement Offer) to the chosen few who have fulfilled every one of their necessities.

For getting a quicker and easier way out of such situations, many companies and students have found AICTE to be of great help. Through its internship portal, AICTE has provided them with the perfect opportunity to emerge as a winner in these trying times. The website provides the perfect platform for students to put forth their skills & desires and for companies to place the intern demand. It takes just 15 seconds to create an opportunity, auto-match, and an auto-post to google, bing, glassdoor, LinkedIn, and similar platforms. The selected intern's profile and availability are validated by their respective colleges before they join or acknowledge the offer. Shortlisting the right resume, with respect to skills, experiences, and location just takes place within seconds. Nothing but authentic and verified companies can appear on the portal.

Additionally, there are multiple modes of communication to connect with interns. Both claiming to be satisfied in terms of time management, quality, security against frauds, and genuineness.

All students need to do was to register at this portal <https://internship.aicte-india.org/>

Fill in all the details, send in their application or demand, and just sit back & see their vision take a hike.

Practice:

Anekant Institute of Management Studies (AIMS), Baramati has registered itself on AICTE Internship Portal and uploaded the copies of MoU it had with various organizations and companies on the said portal. Students at AIMS – Baramati immediately after confirmation of their admission in the Institute for MBA program are guided to register themselves on AICTE's Internship Portal. After successful registration and uploading the required documents, students start receiving the internship opportunities in various companies.

Evidence of Success

All Students have participated in the Webinar on Internship Registration organized by AIMS – Baramati. Around 240 students successfully got registered on the AICTE's Internship portal. Participation of Students in this drive along with academic sessions increased students' involvement in their career orientation and enhancement activities which resulted in increase in placement percentage of the Institute. Indeed, this practice gave results as per Institution's expectations and fulfilled all the objectives to bring its Vision and Mission into reality.

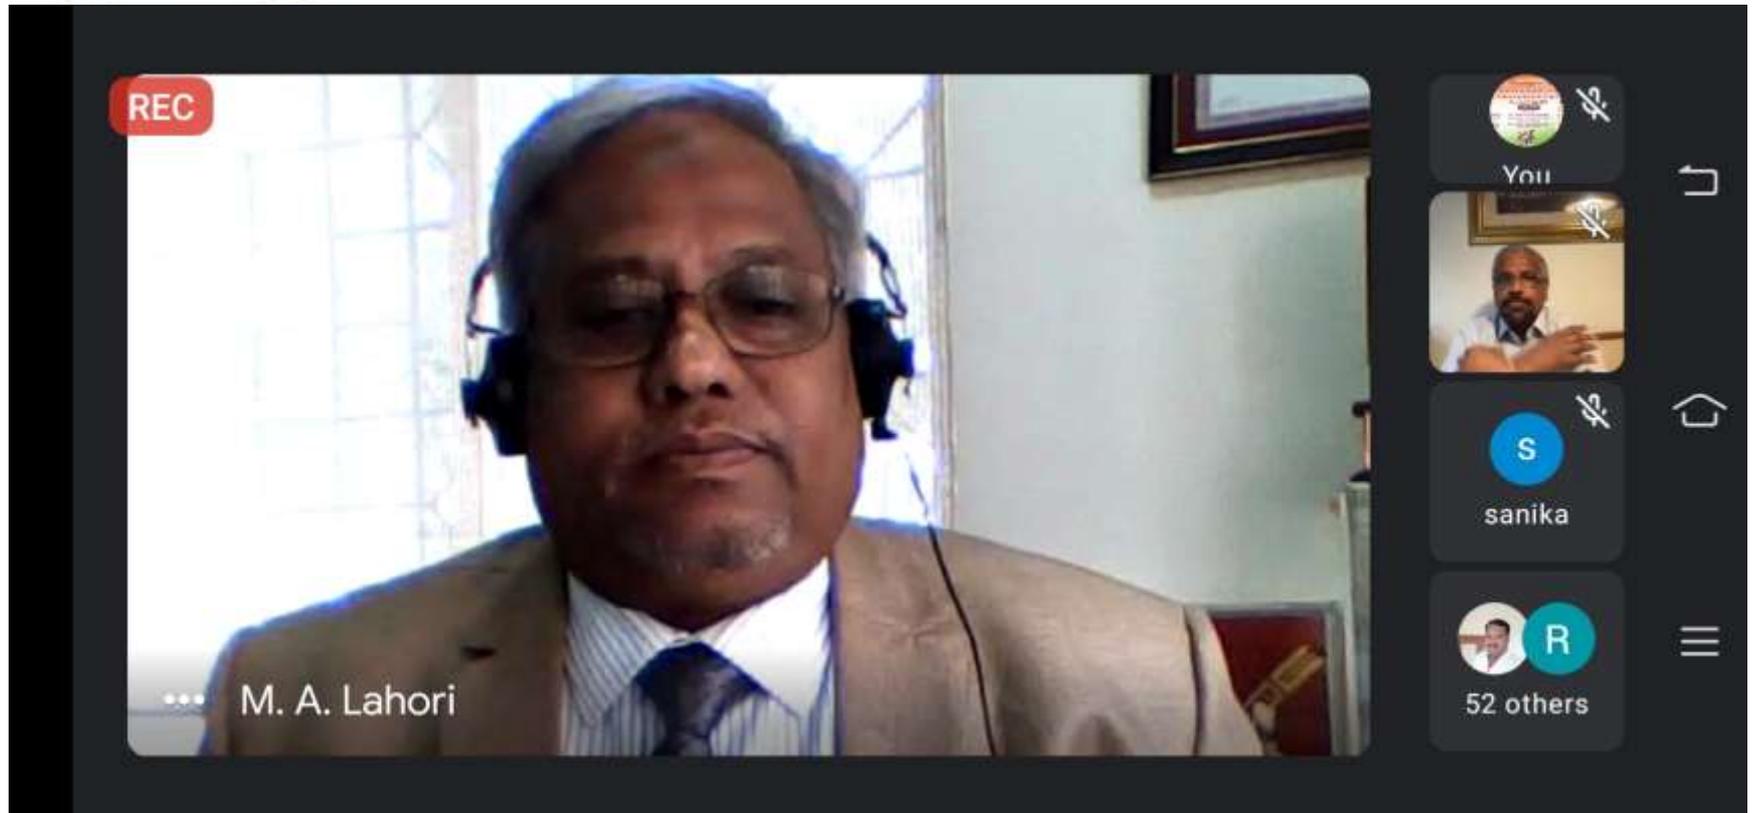

**A Workshop on
“Training & Placement @ AIMS –
Baramati”**

**Day & Date: Saturday, August 21,
2021**

Time: 11.00 am to 12.00 pm

Introductory Remark

Dr. M. A. Lahori, Director, AIMS - Baramati

Session Snaps

The screenshot shows a Zoom meeting in progress. On the left, a presentation slide is displayed with the following content:

- Header: **REC**
- Website: **AICTE Internships** (All India Council of Technical Education)
- Text: **Your dream internship is just a click away**
- Buttons: **Apply for Internship**, **View Available**
- Form:
- Image: A banner featuring Prime Minister Narendra Modi and a man, with the text **Preparing Young Minds For Future**.
- Text: **Placement is presenting**

On the right, there are four participant thumbnails:

- Manish Damakale**: Profile picture of a cartoon fox.
- You**: Profile picture of a man in a suit.
- Placement**: Live video feed of a man in a light-colored jacket.
- Abhijit 29 others**: A large orange circle with the letter **A**.

Navigation icons for Zoom (back, home, list) are visible on the far right edge.
