Give us suggestion on how to improve overall Institute experience for the new batches?

26 responses

Give them practical knowledge

Try to get quarterly guest lecture

Good

ALL OK

Arranging more training sessions for placement interview's and for communication and Of English Language.

.

-

Guest Lacture, Industrial Academia Interface Building etc

Everything is running good.. but need to work on language/ English communication of our students as they are professional master course holder.

Only improve on placement centre

Institute should be provide placements

I would say institute should look for same industry people and get them interact with students so they will get to what should more need to be prepared from students side.

NA

Institute is very good for students especially for student intership.

Need to include in program or workshop AI - world/excell/office and Automation tool as an future requirement.

AIMS is already taking efforts and much more doing for Students for their better career opportunities. I can suggest that ,Institute can be organized more Functional activities for the students and encourage ones who not actively participated in college functions , Also get mor demands for English. Explanation to students about small things which are really important for facing the interview confidently.

DIRECTOR
INSTITUTE OF MANAGEMENT
STUDIES, BARAMATI, PUNE

Have much more awareness in students about soft skills , hard skills n technical skills.

Very Good planning... No suggestions

Just provide placements at right time and in well-known organisation

Overall Good

No

By arranging events where whole event should be managed them only. Teacher and staff should keep guidance over all thing. From that they will now how to manage things..

Overall all good

Giving placement to student
