Dear Students,

AIMS welcomes you to the learning campus for your professional growth.

I am happy to inform you that AIMS has a well-proven initiative in the form of a Mentorship Programme. The Mentor-Mentee Activity includes home visits, counseling, Profile or Resume Development, SIP Guidance, Add-on Courses for Advanced Learners, MOOCs, Encouraging Strengths, etc.

This Academic year also, we have identified all the teachers as mentor for students. Hence, **Each enrolled student shall have one Mentor** to take care of their educational development as per their needs.

The **allocation sheet** attached to this email includes 126 admitted students and Ten mentor-teacher allocations for each student.

All mentees are hereby requested to approach the mentor.

Wish you Active learning.

Regards,

Regards,

Dr Tanaji Chavan
