We can give them the knowledge of certifications

Practical learning

Overall was good

Suggestion for new batches focus on the students skills just like - stage dering, communication skills, Excel,Mail writting,etc.

English Communication and Industry knowledge

There is true need of Skill development in Students rather than CGPA. Because in corporate world CGPA doesn't makes matter hugely but Skills are there.

By engaging more and more students in extracurricular activities and events along with study

Providing compalsary apportunity of practical work at least for 2 months as a demonstration.
Kind of 'कमवा आणि शिका'
